

Guideline Topic Nomination Form Questions

Submit nomination online here: <https://forms.gle/werW6LynZuxCHnvE6>

Section 1: Topic overview

1. Title/topic of proposed guideline:
2. State proposed clinical question(s) in PICO format.
 - Specify the population, intervention, co-intervention, and outcome for each suggested clinical question. We encourage you to review page 3 of [AAN's Clinical Practice Guidelines Process Manual](#) for guidance on format and scope.
3. AAN section feedback: We encourage you to solicit feedback on your topic from AAN sections and submit here by pasting feedback you receive in the space below. This question is optional.
4. Provide a list of proposed author panel members. Note that panel member candidates are appointed by the AAN Guideline Subcommittee. Submission of a topic nomination or being listed as a proposed panel member here does not guarantee membership. This question is optional.

Section 2: Background on the topic and disease (Make sure to include references when appropriate).

5. Describe why the topic is important and relevant.
6. What is the prevalence of this disease?
 - a. Rare
 - b. Moderate
 - c. Common
7. How would you rate the amount of practice variation and/or controversy related to this disease?
 - a. High
 - b. Moderate
 - c. Low
8. How would you rate the cost concerns related to screening tests and/or therapies for this disease and the cost implications, if any, of these concerns to patients?
 - a. Large
 - b. Moderate
 - c. Low

Please explain and include references.

Section 3: Patient outcomes

9. Describe how this guideline might improve patient care and outcomes.

Section 4: published evidence

10. Provide up to five references to published evidence related the proposed PICO questions, with a focus on evidence that would change current practice patterns.
11. Are there existing guidelines on this topic, published by the AAN or other organizations? If yes, please list references to existing guidelines.
